DOWN AT UVADA.

Sheriff Johnson Sends a Query Regarding Armed Men Story.

The situation down at Uvada today is practically unchanged. With the extra men that Mr. Whittemore sent down to the grade last night there will now be fifty men on the scene. The Clark force has secured the entrances tunnel No. 1 at either end and has men holding the fort at the approaches the other tunnels along the grade Yesterday Deal Brothers & Menden-hall, railroad contractors of Springleft for the scene of the trouble with fifteen teams and men and are expected to arrive on the ground at the end of next week when they will commence grading for the Clark people. Inquiry at the Oregon Short Line this morning elicited the fact that over five miles of track had been laid and ten bridges put in, while a big force was at work upon the trestle. Track-laying was resumed this afternoon and gangs were rapidly approaching the first tunnel where the Clark forces

nave had instructions not to give up the Sheriff Johnston of Lincoln county, Nev., who is on the scene with a few deputy marshals is beginning to be somewhat apprehensive regarding the time when the two forces will come together judging from the following wire he sent to C. O. Whittemore last

"I understand you are sending around men to Lincoln county to pro-tect your rights. Would remind you that our courts are open for that pur pose, and I ask you to withdraw al armed men from Lincoln county."

Mr. Whittemore very promptly wired back that he was not aware that the men sent down by him were armed. they were he said that it was contrary to his instructions to the men ere leaving for the south. He also told the sheriff in his dispatch that in the advant of the Clark men breaking the laws of the State of Nevada that in was his duty to arrest them, as it was a poor law that did not work both ways. He inferred that in the advenof either side breaking the law that i was the duty of the officers to at one take steps to take the offenders into

BIG LANDSLIDE.

Railroads Encounter the Fury of the Elements in Colorado.

Leadville, Colo., April 16 .- The freight and passenger trains over the Park branch are running over the Denver & Rio Grande track from here to Dillon, thirty miles distant, owing to a land slide two miles this side of Frisco, The slide, which is about 150 feet long and ten feet deep, covers the track with rocks, mud and timbers, and will not be removed for a day or two, al-though wrecking trains are at the scene and the debris is being cleared away as rapidly as possible. It has been snowing in Leadville for two days, and there is no sign of an abatement The weather is mild and much of the snow melts as fast as it falls. The rail ways are experiencing no serious difficulty in operating their trains.

A Day of Surprises.

New York, April 16.—The Times says. "A broker connected with the Stow Interests in the Mexican Central Railway company announced that those in terests held about 265,000 shares out of the total 480,000 of that company and that they will effect a change in the management of that road at the annual meeting on May 1. In addition to this. it was stated on the same authority will be removed from Boston to this

"In reply to a question as to the fu-ture of the road and whether it would be operated in conjunction with any other system, the broker said that that had not been determined yet, adding 'there is another road going into E Paso as well as the Rock Island. People don't realize it, but this is a day of

AN OGDEN DREAM.

Section Director.

Story of Improbabilities. (By Associated Press.)

Ogden, Utah, April 16.-The Standard will say tonight: A subscription list is being circulated here to raise \$200,000 for the erection of a "Mormon" tabernacle in this city, the promoters having the assurance that in event of the success of the undertaking one of the semi-annual conferences of the "Mor-mon" Church will be held here. This means an addition to the city's income of \$250,000. Over \$150,000 has already been subscribed and the rest has been promised. This move is the result of the jealousy engendered between Salt Lake and Ogden by the recent fake railroad agitation started in Salt Lake. Other parties in Ogden are endeavoring to establish an exposition grounds for an interstate exposition including Nevada, Idaho, Wyoming and Utah. Over \$10,000 has been raised for this purpose and the support of leading men in other states has been enlisted.

# Time to Oil Up.

Like every other complex machine, the human body has its periods for repair. Sleep is Nature's time for rest, when the repair shops of the brain make good the damage of the waking hours. The man who cannot sleep, or who suffers from headache, nervousness, lost appetite, indigestion, heart trouble or pain, is running with a hot box. Give the tired brain and worn-out nerves a chance to rest. Stop! It is time to oil up.

"I suffered from headache, nervousness and a general run-down condition. It was almost impossible for me to sleep at night and my health became so poor that I could perform the lightest work only with the greatest difficulty. I began taking Dr. Miles' Nervine and before the first bottle was gone could see an improvemet. I was able to get a good sleept at night, and grew steadily stronger under the treatment until I was cured." C. E. HACKETT, Greene, N. Y.

SALT LAKES WON AGAIN.

Jensen a New Pitcher Was Tried

Out by Risley but Only Lasted Two Innings. About 500 persons took a chance at the weather yesterday afternoon to witness the exhibition ball game between the Salt Lakes and Railways.

They didn't get exactly what they were

expecting, for the exhibition was ex-

ceedingly raw, likewise the weather. There was a cold wind blowing when the game started, and a cold snow has all the movements of a litst-class ball player. He is a pitcher who can be also be a little be a pitcher who can be a little be a lit surprising if the result is not a few cases of grip. Most of the spectators stuck it out to the bitter end, in hopeess anticipation.

If it had been a league game, the Railways would be in sorrow, but it wasn't, and they don't care. They were defeated, 9 to 6.

During the fact in the control of the contr thought they saw a wonder in the box Chief Executive Disapproves of Board of | for the Sait Lakes in the person of Jensen, a south paw, who was tried out by Dud. Jensen fann Jensen fanned th first man up and sent two more to the bench without a hit. In the second inning it was much different. Clippinger's boys began the pyrotechnic with a couple of safe hits, followed by an error, which caused all the bases to be occupied. At this stage of the pro-ceedings, Jensen did a very unjudicious thing, to-wit: he got rattled and forced the runners home. After two came in. Beville made a hit. Here Dud Risley was heard to mutter Webster was substituted for Jensen. It might be stated also that the Railways'

hitting was not so terrific after that. Following is how the teams lined up,
